Date: 5<sup>th</sup> November 2018

Dear Sir or Madam

## **B1242 Hornsea Road, Aldbrough – Carriageway Maintenance**

I am writing to inform you of some upcoming carriageway maintenance work on the above road which will commence on Monday 19<sup>th</sup> November 2018 for 5 days (Mon – Fri 09:00 – 18:00). These works are to repair three structural failures in the carriageway which have occurred since the main resurfacing scheme two years ago.

To undertake this work safely with minimal disruption to traffic, three-way temporary traffic signals will be in place for the duration of the work controlling the Carlton Lane junction between North Street and High Street, Aldbrough. To ensure traffic flow through the site, parking will be suspended between North Street and High Street for the duration of the work. I apologise for any inconvenience caused by this.

Working hours will be restricted to daytime hours only, however due to the nature of the work it would be unsafe to remove the traffic signals overnight – meaning the traffic signals and parking suspension will be in place 24 hours a day from Monday 19<sup>th</sup> November until Friday 23<sup>rd</sup> November.

If you have any further questions or wish to make comment please contact myself on the above telephone number or alternatively via email.

Yours faithfully,

Daniel Haysom  
Assistant Engineer
