Councillor M. Robinson mentioned the revised Affordable Housing planning application which still showed a bridge across to the recreation field but no official communication had been received by the Clerk to date.

Councillor J. Fox mentioned the broken mesh on the black barrier outside the school playground gate, the Clerk to contact ERYC. He also reported the caravan on the grass verge 16 Nottingham Road, the Clerk to contact ERYC.

Councillor M. Teale reminded members of the history meeting 20th September at the Wentworth Hotel. The Chairman had not received the results of the archaeology finds by SSE from Liaison Officer T. Maltas. Councillor M. Teale volunteered to chase up.

Letter received from Mr & Mrs C. Wilson regarding the piece of land adjacent to their property 48 Church Street to be used as a private garden. There was no record to whom the land belonged to in the Land Registry Department. No objections were raised with a proviso that a fence 3ft/4ft would be more appropriate subject to planning permission from the ERYC.

Ridgley Bird, Streetscene, ERYC - any recommendations should be made to him regarding rural environmental maintenance, Holderness Pilot Scheme. Wood chippings could be available free to parishioners once a year. It was suggested that Dothams would be a suitable collection point.

Councillor T. Handley had received a request for the Parish Council to provide CCTV cameras from Mr S. Mars - George & Dragon corner, Carlton Lane and pointing down Hornsea Road to the Youth Club. The matter was discussed but unfortunately in the economic climate, the scheme would not be feasible.

There being no further business, the Chairman closed the meeting, the next one to be held on Monday 11th October 2010 at 7.30 p.m.

Signed to be a true record.....

Chairman 11/10/10
