## **6. Police Matters**

PCSO Bainton reported that power tools had been removed from the bio-mass site, security has now been looked into again and improvements made to secure the site. Following Remembrance Service at Cenotaph yesterday, road closure and removal of parked cars will be looked into for 2017.

Christmas event – road closure on 3<sup>rd</sup> December, PCSO Bainton to look at possible reduction in parking along Nottingham road while the event is on to allow the flow of traffic to continue without further obstacles.

## **7. Matters arising – Chair to receive updates on ‘Resolves’**

Hornsea Road- PCSO Bainton is still awaiting feedback from Simon Carlisle.

Following Cllr. Robinsons e mails to a Councillor at Burstwick regarding the cost of traffic count wires in which he was quoted that they had cost them £130 for both traffic and speed count. The clerk spoke to ERYC to clarify quote given to her, having a good conversation with one of the officers, advice was given that should the Parish Council pay for a new review and that shows an improvement to the current statistics it could alter our score, with possible removal of police speed enforcement. ERYC carry out reviews every 5 years and currently Aldbrough is 3 years in, so would be up for re-newing in 2018 at no cost to the parish, should the Council still wish to pay to have a review prior to the current one running out it could be cheaper approx. £250 if it could be part of a batch of 11, however it was suggested that if the council wished to spend money, then hiring a speed indicator device (smiley face and sad face) could help remind everyone of the speed limit.

Cllr. Robinson, was unhappy with the information received and has planned a phone call with the clerk of Burstwick to discuss further tomorrow and will feed back the information.

Other concerns raised regarding Hornsea Road, being the amount of traffic parking to use the chip shop, despite promises of parking being in the pub car park.

Unfortunately as there are no yellow lines parking cannot be enforced. This is leading to increased problems for those trying to leave Carlton Lane and Main Street. Speeding traffic going from the village toward Hornsea has increased and it was suggested that the speed signs be placed at the top of the hill, although it is thought that nothing can be done regarding this, it was felt by the public present that a request be sent into ERYC.

Christmas Tree – Steve Turner to purchase, backup plan that Cllr North will provide one. Cllr Cantwell checked if Cllr North was happy with the lights for the tree as new lights could be purchased if necessary, due to tree being part of the light switch on, on December 3<sup>rd</sup>.

Cog – Meeting of finishing committee 24<sup>th</sup> November at Village Hall Cllr. Cantwell and Cllr. Robinson to attend on behalf of the council.

Culvert- No update from Drainage board

Hedge Carlton Lane- Partially cut, conversation held as to who the owner of the hedge left uncut, clerk to look into. Cllr. Robinson reported that an elderly gentleman had fallen due to poor state of footpath covered in leaves, Cllr. S Turner to ask Alan Tharratt to clear, as this path is regularly used by those visiting the cemetery

Church Wall – Cllr. S Turner to contact Kemps again re this matter
