### Present

Cllrs Sharlah Cantwell

Chair

Steve Turner

Malcolm Turner

Mick Robinson

Kevin Blackwell

Geoff North

David Walker

Tim Floater

Paul Woodward

Clerk Nicki Salvidge

PCSO Darren Bainton

- 1. Apologies of Absence**
- 2. To suspend the meeting for a period of no longer than 15 minutes for public participation**
- 3. To receive declarations of interest by any member of the council in respect of the Agenda items below.** Members declaring an interest should (A) identify the agenda item and the type of interest being declared & (B) note dispensations given to any member of the council in respect of the agenda items below  
Cllr Blackwell expressed an interest in item 8 Planning
- 4. To approve last month's minutes held Monday 12<sup>th</sup> November 2018**  
Agreed and signed
- 5. To present the financial accounts – Chair to approve and sign**  
Precept request received as there has been no increase for over 10 years and cost are increasing it was agreed to increase the 2019 precept to £11,000 proposed and agreed.
- 6. Police Matters**  
PCSO Bainton thanked everyone for their help in making the Christmas event a success and he had received no reports of any trouble. Cllr Cantwell thanked him for his support especially as he was supposed to off.  
PCSO Bainton read out this month's report, an increase in crimes had been recorded, but the guilty party was now in custody.  
Cllr Robinson stated a concern over fuel tanks, PCSO Bainton offered him advice as to measurers that could be put in place.  
Cllr North stated that hare coursing is still taking place, PCSO Bainton requested that people report these incidents and if possible a registration number.  
PCSO Bainton spoke of around 15 protestors at the West Newton Drilling site currently take up police resources, this is expected in increase up to a possible 50 protestors as work increases. There is currently no camping taking place.  
Rathlin do have their own security but the police are needed to ensure the highway stays open.  
PCSO Bainton assured everyone that there would be no impact on policing in Aldbrough.

## **7. Matters arising – Chair to receive updates on ‘Resolves’**

John Fox Garden Completed, family very grateful however do not want a fuss. Mr Langdon to complete the path to the garden in near future

Bio Mass plant disruption warned about as they are continuing to deal with repairs. Cllr S. Turner asked why the lights need to be on at night and that this is making the site visible for much further afield, clerk to speak with them.

Bio- mass plant prepared to purchase new de-fib box and will liase with clerk

Tansterne lorries- unable to put up sign requesting right turn only as some may wish to go left.

Carlton Lane again seems to of come up on Facebook and clerk has spoken to Mike Peeke today for an update, He met with Tim & John Porter regarding a car parking and which they say seems to be causing majority of issues, therefore the plan is that in the next few weeks Highways will measure and mark out on the plan a short length of Double yellow lines which they will then have to go through the legal process to sort out, this can take between 9-12 months with a limited budget this is not a definite. Concern raised by Cllr S. Turner over increased parking on Castle Hill.

Also mentioned was the sign put up while building bio-mass re unsuitable traffic, mentioned previously by clerk, this will be removed. A sign will also be put up to direct people to West Carlton without having to access through Aldbrough.

Cllr Cantwell voiced her disappointment that Facebook is often not portraying accurately what is going on.

Salt bins- Cllr Robinson reported all bins except one on Queensmead are full, Cllr North to fill with Cllr Robinsons help. Any remaining salt to be put in the Village Hall Salt bin.

Bridge on path opposite post office will be repaired when they are able to access site, greenery still causing an issue despite requests from PC and Engineers to cut back. Cllr Cantwell has visited the site today and reports the greenery is no longer a problem, clerk to contact engineers to ask that the work now be carried out.

Local Plan - Cllrs. Cantwell, S.Turner and Robinson to attend Hornsea Library 11<sup>th</sup> December to discuss further. Cllr Robinson has a list of comments to put forward including the Rural Service Centre name that Aldbrough comes under, which due to lack of public transport, job opportunities, and road crossing required by service centres, no longer available in the village.

Cllr Blackwell stated that there is a lack of sustainable building in the village and that, sites are not being well thought out as to requirements of the village. That to bring in affordable housing without the access to Hull and local jobs is not working.

## **8. Planning Applications**

18/03896/PLF 10 East Newton Road HU11 4RT – No objections

## **9. Correspondence**

Everinghams – request to erect memorial headstone - no objections

Request to advertise Improving your access for NHS, works even if your practice is not included as an open practice.

Rathlin – email requesting council and community representatives, the current Parish Council representative Cllr North is still willing to be on the committee although meeting are very rare and frustrating due to a lack of community involvement between the company and those affected.

## **10. Any Other Business**

Cllr Robinson requested news on the footpath subsidence and on seaside road that despite reporting had still not seen any improvement, that the subsidence closer to the village is also getting much worse and there is a fear that the road will soon go into the dyke, barriers and signs need to be re sited.

The recreation committee have recently passed their accreditation with the ERYC to enable them to carry on with activities. Cllr Robinson stated that Jenny Smith attends the majority of courses.

Cllr Robinson brought a copy of the Holderness Gazette to show an article regarding additional funding from the government to ERYC for highways and that this causes him some unhappiness as

all that he hears from ERYC is about lack of available funding, Cllr Robinson to write to ERYC from the Village Hall.

Having written to Humberside Police Engagement Officer Debbie Fagan, Cllr Robinson was disappointed that despite a response from the office saying that she would contact him on her return in November, that there had been nothing still. There was however some news about a police speed watch scheme, in which 6 volunteers would be needed to train in the use of the equipment. PCSO Bainton advised that should a decision be made to run the scheme that the village would lose the Camera van as they cannot run together. Burtswick recently had their van removed due to a 20mph zone put in at PC request.

Cllr North spoke of motorists warning others when a speed van is around and asked why it was illegal. Cllr Walker explained that it is an attempt to pervert the course of justice.

Cllr Walker asked if any figures available yet from the safer road Humber van, Clerk and PCSO Bainton had not received any updates.

Cllr Cantwell thanked Cllr North for arranging the Church Tree which looked wonderful Christmas event went very well and it is hoped that a bigger better event will be held next year. Cllr Cantwell spoke of Withernwick wind farm funding and that the new contact David Farnsworth had wanted to reduce meeting to annual but the committee had insisted on a minimum of 3 per year.

A request was made for larger projects to fund, Hornsea is receiving larger amounts for their projects. Suggestions for Aldbrough included new play equipment, Skate Park repairs to War memorial. Clerk to contact Tomlinsons at Brandesburton re price for railings and possibly Everingham's re a deep clean.

Cllr Floater stated that he had received comments regarding the memorial garden and why the Parish Council had chosen to do it for Cllr John and Jo Fox, others to had received comments too which Cllr Cantwell suggested that the same person had spoken to them all individually. Comments as to why other villagers had not had memorials in their name, Cllr Cantwell explained that Cllr Fox sadly died suddenly, whilst still a councillor and his popularity and that of his wife had been a part of the decision making. The opportunity for other memorials to be put in place, had not been taken up by councillors at the time of their passing. Cllr North stressed that it had set a president, however Cllr Cantwell explained that memorials would be put in place if the councillors or villagers requested them at the time.

Cllr M Turner requested more bulbs to be planted along the verge near the garden to brighten the area and that a request be put in that the grass is not cut until after the bulbs have finished and that no weed killing be done.

Cllr M Turner asked why the use of boulders was allowed on East Newton Road verges, which was causing obstructions to vehicles wishing to pass along the road, the boulders are believed to of been put there by an unhappy resident, Clerk to contact highways.

Cllr S Turner would like it to be noted that the businesses along Hornsea Road have made a wonderful display of Christmas trees. Tree brackets have been provided by Flying Farmers relative and he has offered to make more if required.

Traffic Lights during recent roadworks also made the flow of traffic much better, Cllr Robinson requested the Parish Council pay for their own to be put in place.

Parking on Castle Hill is a danger to pedestrians using the footpath and will only get worse when further building takes place.

**11. To Announce the Date of the next meeting as Monday 14<sup>th</sup> January 2018**

Cllr Woodward gave apologies for the next meeting.
