Monday 14th May 2018 7.30pm @ Aldbrough Primary School

Present

Cllrs Sharlah Cantwell

Chair

Paul Woodward

Vice Chair

Steve Turner

Malcolm Turner

Tim Floater

Geoff North

Mick Robinson

Clerk Nicki Salvidge

PCSO Darren Bainton

Public members 3

ANNUAL GENERAL MEETING

1. Apologies:

Cllrs Walker and Blackwell

2. Chairman's Report 2017/11

Well I must say that last year seems to have flown by. I would like to thank all Councillors for their hard work this year and for taking the time to attend meetings. This year we welcomed a new Councillor David Walker so we now have a full compliment. I would like this year to thank our tremendous clerk Nicola Salvidge for working above and beyond her remit sorting out various challenging matters. We all her appreciate your hard work and for keeping us on the right track. I would like to thank PCSO Darren Bainton for regularly attending our monthly meetings and helping out at community events, your presence is greatly appreciated in this village. The Parish Council Website is a valuable tool for villagers and visitors so I thank Cllr. Blackwell for keeping it up to date.

This year the Parish Council has planted many thousands of bulbs which provided a lovely spring display and will hopefully multiply in the years to come. £10 Poorfields vouchers were distributed to eligible residents in January 2018.

In December the village held its second Christmas Event another great success. This event has brought many groups and individuals together. Following on from this the Scarecrow Festival is due to be resurrected and held on July 15th.

The Parish Council has dealt with many issues this year but we are proactively trying to make the changes in the area of planning, especially with the recent influx of applications to build houses in the village.

Traffic issues continue, but on a more positive note and much hard work and perseverance by Cllr. Robinson, he has succeeded in getting the attendance of the speed camera van, well done.

On a more disappointing note the phone mast on the edge of the recreational field has not yet materialised, but hopefully this will be resolved in the coming year.

On May 8th all bus services to Hull ceased in an unexpected blow to the village and to many residents. We are currently left with a commuter service Monday – Friday with nothing at all on a

Saturday and Sunday. The clerk myself and with much help from Janet Floater are working on a solution to this problem. So watch this space as they say. Thank you.

3. Election of Officers 2018/2019

CHAIRMAN	Sharlah Cantwell	Nominated, Agreed & Seconded

PARISH COUNCIL ORDINARY MEETING AGENDA ITEMS

1. Apologies of Absence

Cllrs Walker and Blackwell

2. To suspend the meeting for a period of no longer than 15 minutes for public participation

Mr Lloyd asked if anything could be done to alleviate parking issues on the right of Carlton Lane as vehicles not believed to be residents of Carlton Lane are parking on the path. Cllr Floater said that hopefully a new agreement between the Fish Shop and The George and Dragon would alleviate some of these issues.

It was also suggested that the shop owner could ask to park there to help the situation.

Cllr Robinson stated that there is still a problem of cars using Hornsea Road cutting off the end of Carlton Lane to pass parked traffic.

PCSO Bainton to look into, Clerk to write to Debbie Fagan.

3. To receive declarations of interest by any member of the council in respect of the Agenda items below. Members declaring an interest should (A) identify the agenda item and the type of interest being declared & (B) note dispensations given to any member of the council in respect of the agenda items below

Cllr North declared an interest on Item 9 ref 18/00785/OUT

4. To approve last month's minutes held Monday 9th April 2018

Agreed with change to item 12 line 4 to read Hedge at Play area needs cutting.

5. To present the financial accounts – Chair to approve and sign

Agreed and signed

6. Annual Audit – to be approved and signed by Chairperson

Agreed and Signed

7. Police Matters

Report of damage to wall around Elm Tree and connection to neighbouring wall reported to PCSO Bainton, Clerk to report to planning.

Crime report read 1 crime for Aldbrough and 1 report of ongoing Anti-Social behaviour.

Cllr North reported scaffolding sticking out over the highway on North Street.

PCSO Bainton envisages lots of problems coming from residents when people start to move into the new properties on Springdale, especially if parking not available prior to sales.

Cllr Woodward suggested parking permits.

Cllr. M Turner reported issues of fly tipping on East Newton Road, believed to be building waste.

Cllr. M Turner also asked if there is anything that can be done over cars playing music at high volumes, PCSO Bainton advised that if they moving there is little that can be done, however if they are parked and causing a nuisance they can be reported.

8. Matters arising – Chair to receive updates on ‘Resolves’

Buses – New timetable now operating, ERYC have already put in a advert for a new tender for the 220 in September to run the bus due to high cost of Acklams, they will continue to run as long as it is viable. It is believed the current fare is just £1.

Cllr Cantwell and the clerk have been in discussion with Pearsons coaches and ERYC regarding a community bus from Aldbrough Cliff Top to Asda Bilton at 9.30am and a return at 2pm Monday to Friday with a later return of 3.30 on a Saturday. To run this on a four week trial the cost will be £2140, the clerk has written to Withernwick Wind Farms, The Charity Shop, Caravan Park, SSE, Asda and will apply to Hornsea Lions in a hope to cover any left-over expenses once the amount from paying customers has been deducted. ERYC have been very helpful in offering to cover marketing and timetables and help with the legal implications. This will have to be a use or lose service and not be funded by the Parish Councils precept. ERYC are unable to help with any additional funding. Start date looking at a possible 4th June.

Cllr Woodward concerned over what would happen to any outstanding grant money if the scheme un successful- Cllr Cantwell explained it would be given back. Cllr Woodward concerned that it does not make financial sense, Cllr. Cantwell explained that it is not to be a money making scheme and that it was all very much still in the planning stage. Chris Mottershaw from ERYC is being very helpful with advice.

Cllr Floater suggested contacting Sproatley who he believes have a charity which may be able to help.

Cllr Robinson blamed EYMS for buying up all the small bus company's.

PCSO Bainton congratulated the chair for her hard work.

Clerk contacted Bob Rackeley of EYMS to see if any of the empty buses going through the village to start trips in Hornsea following the closure of the bus station can be used by residents going to Hornsea.

Parking Castle Hill/Hornsea Road- highways unable to do anything unless parked vehicles cause an accident.

Hedges Garton Road inside playground being cut by Alan Tharratt. Cllr Robinson to provide combination code to allow access.

Cllr Cantwell asked Cllr Robinson if a meeting could be arranged with the Recreation Committee over its responsibilities, as highlighted by recent legal advice, Cllr Robinson spoke of his concern that information received by the clerk from Stamp, Jackson and Proctor regarding the recreation ground was incorrect and argued that over 10 years ago the Parish Council had agreed to cut the grass and did not understand why they should question it now. Cllr Robinson also questioned the use of the annual £50 ground rent paid by the Village Hall, as his belief is that it should go to the Recreation Committee.

Triangle end of Nottingham Road, that they could consider bollards however they believe parked cars are forcing traffic onto the triangle therefore they would soon be hit. However highways will keep an eye on the situation however cannot guarantee that there will be any measurers put in place during this financial year.

Moving of speed limit Hornsea side, Experience has shown that the further away a speed limit is from a settlement the less effective it tends to be as drivers are not inclined to slow down if they are not in a built up area (even if they do slow down they tend to speed up again if there are no properties or junctions). The current signs are clearly visible to drivers approaching from Hornsea as is the flashing variable message sign and if drivers are ignoring these then moving them further away from the village is unlikely to have any effect.

Cllr North stated that when plans received on Hull Road for a unit for problem children that ERYC moved quickly to change that speed limit and would like to know why.

50mph sign on Garton Road has fallen off, clerk to report, PCSO Bainton asked if anyone had heard of the Fix my Street app, clerk to look into.

De Fib box – someone coming to look from YAS

Garton Road footbridge – done

Phone mast- following the phone company pulling out upon instruction the solicitor acting for LCF Law is continuing with the lease at no cost to the Parish Council should another party become interested. Cllr Robinson reported that he and Jenny Smith had attended solicitors with proof of ID for the Village Halls and suggested that when lease is due to be signed that all parties meet in the village hall.

Consultation for joint minerals plan – no impact of the Aldbrough Parish.

Coastal Path – comments received so far include requesting it come through the village. Possible use of existing path East Hill, Sandpits Lane, Seaside Road with signage to village centre, shops.

19 Ash Grove, clerk requested planning inspector visit who found the fence too high and requested it be reduced. Cllr Woodward has spoken with neighbours and whilst it does seem unfair that the residents are struggling to access their properties.

Planning meeting – very poor turn out but plan formulated, clerk to write requesting support in form of letter from all Parish Councils to take to Overview and Scrutiny committee.

Visit of Bio Mass site – took place on 10th May, those attending found it very informative and surprised by the changes since the last visit. There will be no straw of medical waste burnt there as rumoured.

School agreement for lease of hall for meeting at £8 per hour, to re-negotiate September when new head takes over.

9. Planning Applications

Note change of description on outline planning application 18/00183/OUT to land North West and South of Telephone exchange

Ref 18/01239/PLF construction on ménage and flood lights at East Hill Hornsea Road – no objection

Ref 18/01200/PLF replacement garage 25 Headlands Road- no objection

Ref 18/00785/OUT erection of dwelling and garage following demolition of existing buildings 32 Carlton Lane – councillors to pass their comments onto the clerk at a later date.

Ref 18/01302/OUT outline for residential development following the demolition of existing buildings land North and East 11 North Street – clerk to write with objections

10. Correspondence

Report of public footpath bridge that crosses Lambwath stream on the footpath opposite McColls on Church Street – clerk reported to ERYC as now under their responsibility, this has been passed on for urgent attention. Conifer hedges need cutting back, clerk to ask Alan Tharratt to chop back nettles and weed kill

SSE re redundant pipework showing following recent storms at Aldbrough Sands, they are monitoring this.

Mr Storey is very upset about the Springdale development, especially as building work has continued despite no permission granted as yet.

Insurance received this years premium £728.98, last years £824.29 agreed to pay.

Email received regarding the safety of a garage next to No 1 Queensmead, clerk to report to ERYC.

11. Any Other Business

Quote for replacement swing £3000 with metal feet, £2700 with wood.

Quote for 5 pieces of equipment £20,000 including fitting and safety floor.

Defer decision until money available.

Cllr Robinson gave clerk invoice for £378 for trees to claim back form Tree planting fund. 5 years maintenance at £38 per year not included, clerk to check if the Parish Council will be able to claim this.

Cllr Robinson reported a bench in the Cemetery rotten and in need of repair also one at the end of Carlton Lane, Clerk to ask Alan Tharratt to repair.

Grass next to Village Hall and generally around the village needs cutting, clerk to chase.

Hedges at allotments, despite letter being sent to allotment holders Cllr. Robinson reported that there are still hedges needing cutting that the Parish Council have failed to do. Cllr S. Turner reported that all hedges will be cut later in the year.

Cllr Floater asked about the hedge on the road to Water Works – clerk reported but has had no response. Also the state of Seaside Road and concern over subsidence.

Cllr M Turner reported that water hydrants and drains highlighted during their street scene walkabout have been sprayed with yellow paint, however nothing else appears to of been done, clerk to chase.

12. To Announce the Date of the next meeting as Monday 11th June 2018

Meeting closed 9.40pm

Signed _____ date _____
